

Questions, Answers, Facts & Troubleshooting

Screw Top Lid

1. What is the Screw Top Lid designed for?

They are designed to fit on most waterborne bottles using the same precision pouring spout and plastic closure blade used on all of the Dedoes mixing lids. The plastic closure blades may be removed for easier cleaning.

2. Does the Screw Top lid have a seal ring like other Dedoes lids?

No the Screw Top Lid does not have a seal or gasket.

3. How many Screw Top Lids are packaged in a carton?

Twelve lids are packaged per carton, and they must be ordered in increments of twelve.

4. Does Dedoes carry a pour lid that will fit quart or gallon cans?

Yes, please reference the ClicSeal Pour Lid sections on this web site.
